Dear Doctor:

I have received a call from Counsellor Hartgrove, asking me to contact each President of each League and for him to send a wire to Senator William H. Smathers, U. S. Senate Building, Washington, D. C. The contents of the wire, thanking Senator Smathers for his cooperation in our problem, and telling him of the game played in Cleveland for the Army-Navy Relief and the amount of the proceeds.

I believe Counsellor Hartgrove plans to use these wires in his next appearance before the State Department. It is very important that they be sent right away.

Very truly yours,
